ISO 9001:2026 Gap Analysis — Quick Start Guide (v1)

Welcome to Your ISO 9001:2026 Gap Analysis Workbook

How to Use This Workbook (Step by Step)

Step 1: Complete Your Self-Assessment (Gap Analysis Sheet)

1. Open the **Gap Analysis** sheet.

Step 2: Check Your Readiness Dashboard (Readiness Score Sheet)

After filling in all statuses, go to the **Readiness Score** tab:

Step 3: Review Your Action Plan (Action Plan Sheet)

The **Action Plan** tab auto-populates any items where your status is DNC or Partial, showing:

Step 4: Reference the Change Log (Clause Legend Sheet)

Consult the **Clause Legend** tab for:

Understanding Your Results

What the Readiness Score Means

The auto-calculated readiness percentage is a **systematic indicator**, not a compliance certificate. It tells you roughly how much of ISO 9001:2026 your organization currently meets — but quality management is more than scores.

**Key
most

Critical New Requirements to Prioritize

Based on BSI and UKAS advisory, these areas are flagged as **HIGH IMPACT** for auditors:

When to Upgrade

If any of these describe your situation, the full Core edition ($14.99) provides:
